

Relay board RP6A for SMARTCON control unit

1 General

The additional relay board RP6A extends the SMARTCON control unit with 6 output relays.

The additional relay board RP6A is a hardware option and should be ordered in combination with the SMARTCON control unit.

A later installation is possible.

The additional relay board Rp6A is mounted below the logic board of the SMARTCON control unit.

2 Relay configuration

The relays are arranged in two groups. Relay R1 is a separate changeover contact, the other five relays R2...R6 have the same common.

3 Technical data

Relays:

Max. switching voltage: 230V AC/DC

Max. switching current: 2A resistive
